From 1855 Sale Poster in Westgate Local History Collection

(This land sale concerns the land around what is now Hill Farm and Old Horspath Farm. Both farmhouses were not built until a decade or so later. At the time of the sale there were two main fields relating to the old open field system of Old, or Upper Horspath, namely Upper Field and Lower Field. Lower, or Nether Horspath, now the only village, had its own open field system.)
